Dear Pat,

Many, many thanks for your warm and very encouraging letter. The President was as deeply touched as I when I read him your kind sentiments, and joins me in sending you and Dick warm appreciation for this further example of the way that you have brightened our spirits during this time of anxiety.

We are so happy that the President is more himself every day. Both of us love being able to sit out on the terrace here at the hospital and enjoy this heavenly view of the mountains, and I am confident that it will not be long before we will be looking at our own rolling hills around Gettysburg.

With kindest regards to you and Dick,

Mrs. Richard Nixon
