Governor:

This wire sent out just after you left Saturday.

Civil Defense questions having this kind of drought relief under Public Law 875, and will recommend against it. XOF 20

You may remember the attached correspondence from President to Agriculture in February, suggesting need for review and possible legislation to provide alternate means of assistance. XOF 1

Rowland Hughes discussed on Friday with Congressman Hope and recommended that Hope's committee discuss with Secretary of Agriculture. XOF 72-B

Civil Defense says we may expect to be inundated with complaints when request is turned down.
