

# Activity 3 Presidential Pics

**While in the Presidential Gallery of the Eisenhower Museum, students will use prompts to create a collage on their school iPads using the “Pic Collage” app.**

1. Remind students that as President, Eisenhower was the leader of the Executive Branch of the government. In this activity they will be taking a closer look at his time as leader of the Executive Branch.
2. Inform students that the Presidential Gallery begins at the exhibit of Ike and Mamie’s inaugural clothing, and ends when Eisenhower passed the presidential torch to John F. Kennedy. The symbol to the right is found next to the title of each section of the Presidential Gallery.
3. Direct students to open the Pic Collage app that they already created with nine frames and the title “Presidential Pics.”
4. Either hand-out copies of “Presidential Pics Collage Requirements” or direct students to open this page if it was already sent out to their iPads. Preview the instructions on this page with students.
5. Students have approximately 20 minutes to complete their collage in the Presidential Gallery. Be sure to tell students to watch their time limit and meet in the lobby when time runs out.
6. If students are able to “share” their collage from their school iPads, the Eisenhower Foundation would love to receive them! Please email to: [ikeep@eisenhowerfoundation.net](mailto:ikeep@eisenhowerfoundation.net)

# Presidential Pics Collage Requirements

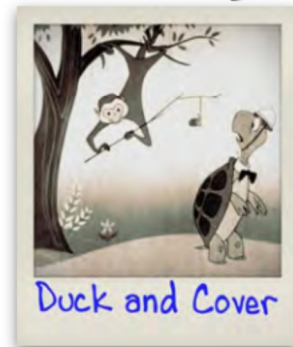

As you explore the six sections of the Presidential Gallery, find, take and add a photo to your collage that exemplifies any nine items from the following list. Be sure to add a text title to the photo. The Pic Collage icon is placed near many of these items to help you out.
