**PERSONAL**

**Dear Mr. Eubank:**

**Thank you very much for your letter of March sixteenth and your very kind offer to be of help in matters concerning the raising of Black Angus. At the moment my "herd" is very small, although I hope to enlarge it as time goes by.**

**I shall pass your suggestion along to Brigadier General Arthur S. Nevins, who manages my Gettysburg farm. One of us may possibly be in touch with you at some later time.**

**Meantime, again my thanks for your thoughtfulness.**

**Sincerely,**

**Mr. William L. Eubank
